

EZ INSTALL ADAPTERS/CERAMIC DISK STEMS

With the Fisher EZ Install Adapters, there is NO need for a plumber to remove the stainless-steel sink for access, saving you time and money! The EZ Install Adapters allow for a quick upgrade to any quality Fisher backsplash mounted faucet or pre-rinse system. The EZ Install adapters fit all import faucets, Krowne, T&S, Chicago, Encore and the old Dormont backsplash mounting hardware. These adapters are designed to work quickly and leak-free. With the Fisher EZ Install Adapters it makes changing out a faucet EZ as 1...2...3!

Amplify your operation with Fisher's Ceramic Disk Stems, the smart choice for any Commercial Kitchen application. Fisher's ceramic disk stems operate in both check and swivel applications. At Fisher, quality isn't a goal, it's our daily commitment.
